Ongoing recruitment for ASN Practitioners and classroom assistants is taking place.

### *The Kiltwalk Wee Wander started at CSA!*

### Main news from Management

Dear All,

Welcome to the third Management Bulletin.

This fortnightly update aims to inform everyone in CSA.

The first meeting with regards to the ‘mini’ review of the therapies has taken place and this was a very positive meeting. Further individual meetings will now progress.

The residential houses have done work on the Planning for the Summer Period and this plan is now in place which will hopefully support the continuity of care in the houses over summer.

Kathleen, Gill and Alex will attend a partnership meeting on the 7th of June with Aberdeenshire and are hopeful that further collaborative work can be established.

We have started work on a draft organogram to try and place all the areas in CSA. Some discussion took place on who links where and how the structure can represent more the whole. Once the draft is completed it will be circulated and discussed more widely.

With regards to Data Protection (GDPR) We are reviewing our permissions for use of images and use of social media. As of Friday 25th May 2018, our Facebook page has been offline whilst this review takes place. We hope to reconnect with everyone soon.

We had very nice meetings on Camphill Estate and hope to meet in Cairnlee soon. Please do contact anyone in management if you have any questions or feedback.

Thank you all for your ongoing support.

### Important news/events:

The Activities week was a great success for all involved. From day outings to camping trips the weather was with us!
